KUNDALILA

EXPERT MINING SOLUTIONS SINCE 1969

About Us

Experts in Open cast mining, Crushing and Screening.

Since 1969, SPH has excelled in providing comprehensive open-cast mining and surface materials handling solutions to mining houses. Supported by our extensive fleet and highly trained staff, we proudly offer a diverse range of services to our mining operations clients.

Vision

Together we will build SPH for a better future.

Values

At SPH Kundalila, we are guided by four principles that encapsulate our commitment to excellence: “We care, We are honest, We work safe, We do the job properly.” These aren’t just words on paper; they are the pillars upon which our organization stands, shaping our culture, defining our actions, and driving us toward success.

Ethics

Our Ethics Commitment is to Promote Fair Dealings and Integrity in Business Conduct. Striving to be the Preferred Open-Cast Mining and Materials Handling Service Provider through Honest, Fair, and Legal Practices.

Health & Safety

At SPH Kundalila, we acknowledge that a company's most crucial asset is its people.

The management of Safety, Health, and the Environment is integral to our business, ensuring the sustained success of our numerous operations. To fulfill this commitment, SPH Kundalila's Management has developed and implemented Health, Safety, and Environmental Policies. These policies represent our utmost dedication to guaranteeing that workers return home safely and in good health to their families after each shift.

As a proud member of ASPASA (Aggregate and Sand Producers of South Africa), SPH Kundalila undergoes annual safety and environmental audits. These audits align with ISO45001 and ISO14001, ensuring compliance with international occupational standards, as well as meeting DMRE and DOL requirements under the Mine Health and Safety Act

29 of 1996 and the Occupational Health and Safety Act 85 of 1993. SPH Kundalila actively participates in auditing programs required by clients, satisfying their stipulations and adhering to legal requirements on our sites.

The purpose of our Occupational Health & Safety management system is to provide a framework for managing risks and opportunities. The intended outcomes are to prevent work-related injuries and illnesses, ensuring safe and healthy workplaces. Therefore, it is critical for the organization to eliminate hazards and minimize Occupational Health & Safety risks through effective preventive and protective measures. We continuously measure our performance to ensure the continual improvement of our Health, Safety, and Environmental Statistics.

Social Initiatives

At SPH Kundalila, we firmly believe in the transformative power of education.

Its pivotal role in shaping individual destinies but also the collective well-being of our society. In line with our steadfast commitment to social responsibility, we operate an apprenticeship course at our Saldanha and Central workshops, aiming to empower individuals with the skills and knowledge essential for success in the modern workforce.

Recognizing education as a catalyst for change, our

apprenticeship course serves as a testament to this conviction. With a meticulously designed curriculum that seamlessly integrates theoretical learning with practical hands-on experience, our program provides participants with a comprehensive understanding of their chosen field. This approach ensures that apprentices not only grasp the intricacies of their profession but also develop the problem-solving skills and adaptability necessary for success.
